Passlist Txt 19

You can pass list.files a path and a pattern to show files in a specific path and matching a specific regular expression pattern:
list.files(path = 'data/') # show files of Galway , 19 May 1846 http://www.rootsweb.com/~irish/igsi_published/passlist/ ...
1827 <ftp://ftp.rootsweb.com/pub/usgenweb/ny/passengerlists/ship0002.txt> ...

pass list
